Elegance

The really distinctive quality of porcelain becomes particularly noticeable, when the pure, white form speaks for itself. As it does with Donna. A form, whose gently curved raised pattern of arches reflects a certain uniqueness.

Pleasure

Pleasure across the entire spectrum – the harmony of Donna emerges through a finely crafted raised pattern of arches, which open out on all pieces. A real pleasure to behold. And when will your guests share the pleasure?

Decorative impressions

Or: the creative. With Donna no limits are set to decorative design. Again and again new decor patterns show that modern interpretations, just like the intonation of classical lines, impart accents to "Donna" which are quite individual. Simply choose the decor pattern that appeals to your taste. Or realise your own imagination in an individual decor. We will help you.
